## A Letter from Our Priest

Dear Ones,

In his first letter to the Corinthians, the Apostle Paul reminds the people that although they are many, they are One - all connected to one another as members of the Body of Christ. The tie that binds us together is Love.

One way we honor that Love is by coming together each week for worship, fellowship, and prayer. In these new and challenging times, that act of community becomes more important than ever. I hope those of you who are able will continue to get in your cars and gather with us at 9:30 a.m. each Sunday for Morning Prayer! Tune your radios to 93.5, roll down your windows and join in with the singing, the prayers, and the sharing of God's word. You can also shout out and wave at your church family members, bring food offerings for the needy, and remember the church with your gifts.

### **"Get blessed! Social distance Love!"**

Going forward, we can also worship together online via Facebook Live as I lead the Daily Office of Compline each Monday evening at 8 p.m. You must be FB friends with me to receive notifications and join in.

Another way we honor our Love for God and one another is by being a part of each other's lives. Part of who we are is to care about the lives and loves, activities and plans, and hopes and dreams of our brothers and sisters in the Lord. To that end we are asking your participation in a new email version of "Tales from the Flock", a Good Shepherd newsletter. Beginning tomorrow, each of you will receive an email (or a phone call if you don't do email) around the 1st of each month asking for

- Bits of news of what is going on with you and yours
- Favorite recipes / household tips / gentle humor
- Prayer list requests
- Items you need or can't find,
- Small ads / announcements w/ contact info for at home or web-based businesses or missions our members are involved in to help others or make ends meet.

We look forward to sharing all your responses each month as we go forward together in Love.

Pax, Suzi+
